

Idaho Core Coaching Network ELA/LITERACY

LITERACY SUPPORT FOR ALL CONTENT AREAS

+ The Structure ...

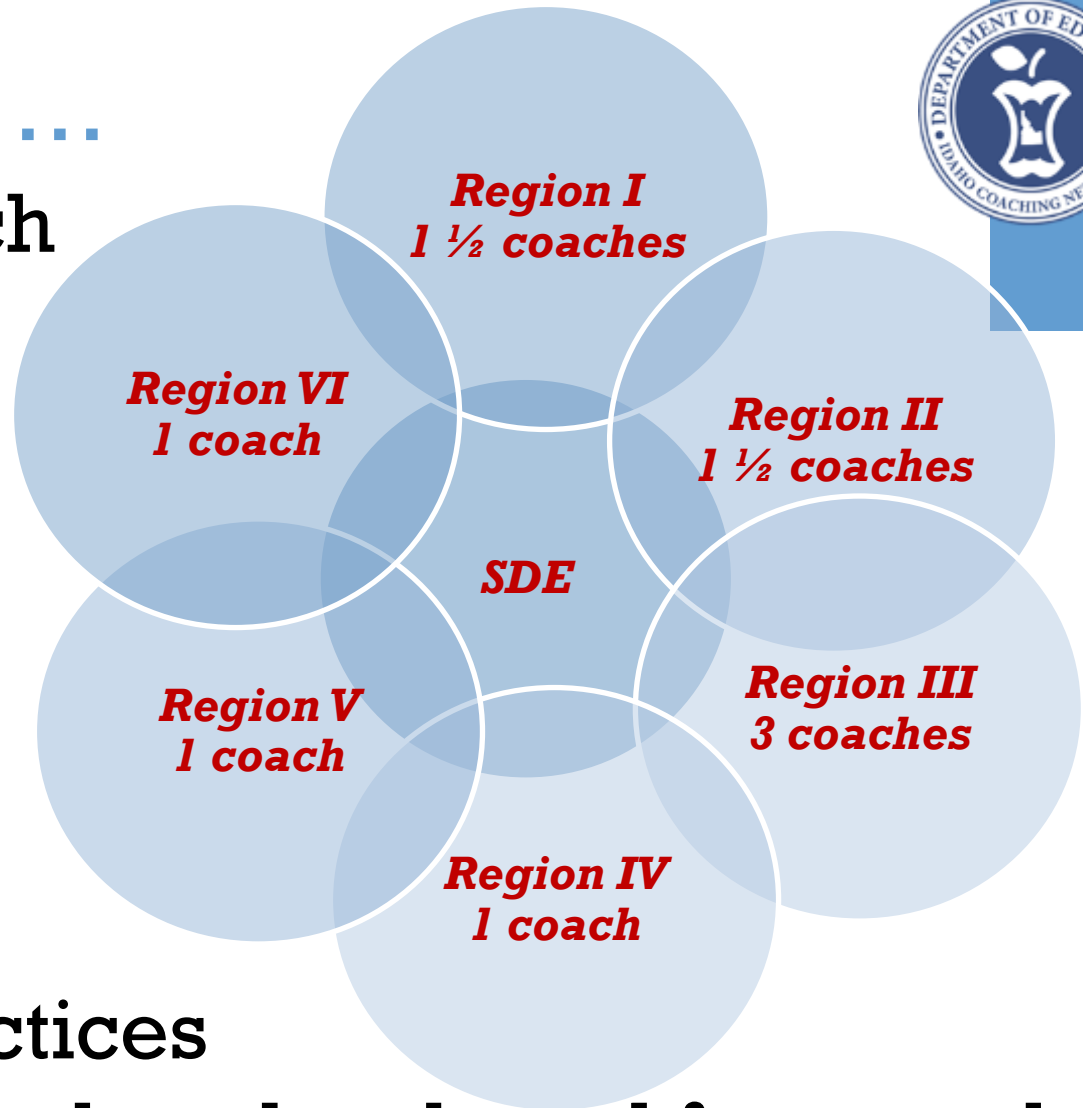

What is a Coach?

- **Helping vs. Judging**
- **Thinking Partners - comes from National Writing Project**

+ The Structure ...

Idaho Core Coach
(9 Coaches for
6 Idaho Regions)

Instructional Practices
work of Core Coaches developed from work
with the state led ***National Writing Projects.***

+The coaches:

*Work with the participants of the *Idaho Core Coaching Network* on understanding the integrated literacy mandate of the core and which is reflected in the Idaho Core Key Shifts.

*Are providing parallel training for Principals with Teacher Leaders to provide a common language around learning, thereby helping sustain the changes teachers are making.

ELA/literacy Idaho Core Key Shifts

Shift One:

Students will build knowledge and academic language through a balance of content rich, complex nonfiction and literary texts.

Shift Two:

Students will participate in Reading/Writing/Speaking that is grounded in evidence from the text, across the curriculum.

Shift Three:

Students will use digital resources strategically to conduct research and create and present material in oral and written form.

Shift Four:

Students will collaborate effectively for a variety of purposes while also building independent literacy skills.

We
should see
educators
and students
using these
shifts in ALL
classes
across the
curriculum.

The Key Shifts for ELA/Literacy

ARE

Statements that summarize what makes the Idaho Core different.

Scaffolds to help educators know where to start.

ARE NOT

Statements that capture all of the intricacies of the Idaho Core.

A “quick fix”.

These core instructional shifts in literacy are being reinforced state wide by the leadership role and training that the Teacher Leaders and Principals are providing in Districts as they work with the coaches.

+ Organization of PD and support

Idaho Core Coaches work funded

***Face to Face work sessions in each region (Whole Region and smaller “Hubs”)
“NeatChats” / “Goggle Hangouts” on line meetings across the state**

***On Line Course work throughout school year**

***8 PD credits for Face to Face and On-line course work**

***Embedded Literacy/ Instructional practices**

***From that:**

- Teachers developed Units , and began PD in their districts and regions.**
- Coaches and teachers developed PD toolkits to be shared across districts**
- Stronger Collaborations between educators around the state**

+ The transformations...

- **...I have not been this professionally challenged in a class for a long time. It is worth the frustration and work because I know I will put into practice what I learn here.**

... *Amber Tetrick*

- **I felt I knew a lot about the CORE when I signed up for the class, but I have learned so much in just the few months we have been meeting. ...** *Elizabeth Torkelson*

- **...I'll be honest, if I wasn't involved with the class, I don't think I would be thinking as deeply about the common core or the developmental process that we were going through.** *Vicki Owsley*

+ The transformations...

... Like the boys, our work was rushed and had many imperfections that needed fixing once the initial work was done. I like to think that by taking a step back we could see the whole picture of our work and not notice what was wrong, but rather what was right. ...

Zach Barclay M.A

I hear commercials. I'm sure you've heard them, too. *Education Week* ranked Idaho 48th in the nation in education. It's heartbreaking. These are your kids. These are their kids. These are my kids. These are *OUR* kids. This program is essential. I wish *all* teachers could experience this. ...

...Again, thank you, thank you, thank you. What an opportunity I've been given!

Molly Hodges
